

ASSESSOR'S OFFICE

Board of Assessors

Lenny Coppola, Chair

Cary LeBlanc, Member at Large

Raymond Andrews, Clerk

Staff

Kathleen P. Costello, Administrator of Assessing

Linda Dessert, Principal Assessing Clerk

Meetings

The Board of Assessors meets the first and third Fridays at 2:00

The Town of Mattapoisett conducted a town wide revaluation for Fiscal 2015 which resulted in a slight increase in the overall assessments and a tax rate of \$13.00 per thousand. The Board of Assessors continues to improve the quality and accuracy of the assessing database by conducting a town wide cyclical data collection program. This program is mandated by the D.O.R. (Department of Revenue) and requires the town to measure and list each property within a nine year time frame. The Board is also pleased to report the web based GIS (Geographic Information System) is now up and running in several other town departments which affords us increased productivity and accuracy. This system affords all of the town departments as well as the taxpayer immediate access to tax maps, wetlands overlays and the FEMA flood maps and access to the full property record card.
